

LOCATE TICKET MANAGEMENT & COMPLIANCE

INDEPENDENT OVERSIGHT FOR LOCATE PROGRAMS

ENDVR Energy's Locate Ticket Management & Compliance (LTM&C) is the audit layer between your asset network & your locate contractors. Every Ontario One Call ticket gets handled correctly, on time, on the record.

WHY ENDVR?

Built by LDC Operators

Decades of front-line operations experience earned across Canadian utilities. Part of the Milton Hydro group, the LDC serving Canada's fastest-growing community. We know utility needs.

Independent

We don't perform locate services for any LDC we audit under LTM&C. No contractor relationships to protect.

Field Credible

Direct experience in locate operations, damage prevention, & ORCGA compliance. We have done the work we now oversee.

FOUR SERVICE LINES

1 Locate Program Management

End-to-end oversight of every locate ticket, from notification through field completion & documentation. SLA tracking & exception management built in.

3 Damage Prevention Consulting

Structured root cause analysis & corrective action plans aligned with ORCGA best practices. Built to satisfy regulatory inquiries.

2 Contractor Compliance Auditing

Independent field & records audits scored on a standardized Locate Performance Index. Continuous, scheduled, & randomized.

4 Regulatory & Reporting Services

DIRT submissions, Common Ground Alliance liaison, & defensive documentation of due diligence on file.
